

## McCoy picks up the gavel

### Ramping Up

Local Freemasons install wheelchair ramps for residents that need improved access to their homes. The organization provides free ramps, wheelchairs, walkers, hospital beds, and other handicap aids for Wilmington and surrounding town residents in need. Currently we have eleven ramps installed in the greater Wilmington area. The Masons in the photo are left to right, Warren Berglund, Brian King, and George Smith. Absent were Bernie Nally, Dick Searfoss, and John Wallace. Photo by Dick Searfoss
